

# Group Philosophy

Since our founding in 1884, we have worked to create the technologies and products that society requires. We consider it our mission to contribute to the realization of a sustainable society. We promote ESG management, and steadily advance our efforts closely in line with SDGs (Sustainable Development Goals), thus continuously responding to the expectations and the trust of the society.

## CORPORATE PHILOSOPHY

Drawing on more than a century of expertise in the development and fabrication of advanced materials, we will contribute to the realization of a sustainable society through continuous technological innovation.

## MANAGEMENT PHILOSOPHY

- With an eye to the future, the Furukawa Electric Group management team pledges to:
- Live up to the expectations and trust invested in us by society, with fairness and integrity.
  - Apply the sum total of our expertise to satisfy our customers and grow with them.
  - Continuously strive to achieve world-class technological innovation, and transform ourselves in every area of endeavor.
  - Nurture human resources at every level, so that we can become a more diverse and creative organization.

## CREDO

1. Maintain high ethical standards, and value honesty and integrity above all.
2. Continually improve, innovate, and lead, in every area of endeavor.
3. Take a hands-on approach that addresses the reality of every situation – in the office, at the factory, and on site.
4. Be proactive – take the initiative and work with others, persevering until a solution is found.
5. Maintain open channels of communication between departments and divisions, so that we can share ideals and help each other grow.

## ESG management

Based on the robust Corporate Governance and by exercising the management in consideration of the Environment and the Society, we will get rid of risks and expand the business opportunities, therefore achieving a sustainable growth.

## SDGs (Sustainable Development Goals)

This is the social agenda adopted by the United Nations in 2015 consisting of 17 Goals and 169 targets, and aiming to resolve them by 2030 as an international common goal.

By configuring business goals conscious of SDGs, we will establish a sustainable and inclusive business model.
