

Special Issue : Collaborations for New Business Creation

Opening Remarks

Connecting the Founder's Mind to the Future	<i>Yoshio Masutani</i>	1
---	------------------------------	---

Topics

Initiatives to Create New Businesses in Collaboration With Startups	<i>Takeshi Namegaya, Noriyuki Yokouchi, Kouki Sato, Takeshi Akutsu</i>	2
Collaboration Opportunity Creation	<i>Hirokazu Nagai, Kouki Sato</i>	7

Papers

The Modeling of a New Business Creation Process Based on the Case of the Development of a Road Sign Inspection Support System	<i>Kiyoshige Hirose, Katsuki Suematsu, Junya Hirano, Kazutaka Nara</i>	11
---	--	----

Regular Papers

Fusion of Core Technologies Crystal Orientation Analysis of Injection-Molded Polypropylene by Micro-Beam Wide Angle X-ray Diffraction	<i>Yukihiro Ikura, Suzune Ito, Hirokazu Sasaki</i>	18
Fusion of Core Technologies Analysis of Deformation Twin and Mechanical Strength Using Simulation Model in the Deformation Microstructure of Copper Alloy	<i>Hidemichi Fujiwara, Hiroshi Kaneko</i>	24
Automotive Products · Electronics Influence of the Crystal Orientation and the Grain Size on the Flexing Property of Tough Pitch Copper	<i>Ryosuke Matsuo</i>	33
Automotive Products · Electronics Development of Copper Short Fiber Wick Heat-pipe for Data Center	<i>Masahiro Uekubo</i>	40
Automotive Products · Electronics Lead-acid Battery State Sensor ~Development of Battery Full Charge Detection Technique With Internal Resistance~	<i>Noriyasu Iwane</i>	44

New Products

Optical Fiber & Cable Ultra-high Fiber Count (UHFC) 6912-Fiber Rollable Ribbon Cable and Ribbon Fiber Mass Fusion Splicer S124M12 and Related Tools	50
